Charge Cell Phones / Smartphones / Tablets / iPhone®/ iPod® / iPad®

MOBILE POWER AND CHARGING

APBL01Fxx_ Product Reference Sheet

Aluratek

Overview:

Aluratek's APBL01Fxx 2600 mAh Portable Battery Charger with LED Flash Light is a great solution to charge your devices when you don't have the convenience of an AC outlet nearby. The APBL01Fxx utilizes the latest Lithium-Ion battery technology offering superior charging capability.

If you need a quick charge you will love the rapid charging feature which enables your device to charge faster than an electrical AC outlet. With the included LED charge status indicator lights, you will know how much battery power is remaining to charge your devices.

The APBL01Fxx offers one standard USB charging port supporting most devices currently on the market, including Apple's iPad and iPad 2, iPhone 3, 4 and 5 series (all models), iPod touch (1G, 2G, 3G, 4G, 8G), Motorola Droid, HTC EVO, REZOUND, Blackberry, Aluratek's LIBRE PRO, LIBRE Air, LIBRE Color, LIBRE Touch, Amazon Kindle / Kindle Fire / DX, Samsung EPIC, Samsung Galaxy Tablet, Samsung Galaxy S--and the list goes on and on.

Don't be stranded on the road with a dead battery on your device. Take the APBL01Fxx Charger with you and be comforted in knowing that power is near.
